## Description

---

Defenders Gateway is a FREE App that honors and supports all military, veterans, first responders, and their families. The mission of Defender's Gateway is to honor all active military members, veterans, first responders, and all family members by providing them with a community, a place for them to communicate privately with others via Defenders Gateway Chat, a single app that holds national resources and information exclusively for Defenders and their families including job and business opportunities, help resources, retail businesses that support with incentives and discounts, nonprofits that align with the same pro-military and first responder values, and so much more.
